

Strand HOA Members:

The palm tree trimming, not including coconut palms will commence on or about July 18th. As previously mentioned, this will only include the trees trimmed by Leo, Jr last year unless you made a change. If you would like to make a change to what was done last year, please contact Cliff at 239-986-1740. If you have already made a change with Cliff, it does not appear on the website as of yet. A complete update will be done as the trimming starts. All the changes will appear on your street and address in red under Palm Tree Trimming on the website.

The hardwood trees will be trimmed at the Association's expense. We will be trimming the trees that need it.

Thank you.

George

ps The homeowner expense for palm tree trimming will appear on your October 1st maintenance fee invoice.
