

## **White Fly**

**The coconut palm trimming, and white fly injection will begin this week. As previously mentioned in our February 8th email blast, the cost will be billed to the homeowner in our April 1st maintenance fee invoice. Ficus bushes that are currently infected, must be dealt with and the cost will be billed directly to the homeowner by Leo, Jr. who is properly licensed to do the work.**

**If you have any other tree trimming you wish to do, you can contact Leo, Jr. through the Landscape Request Form or call Cliff Cook at 239-986-1740. Leo, Jr. will bill the homeowner directly for the cost.**

Thank you.  
Your Board of Directors
